Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$10,000,000.00 for Southside Bridge - Highway 77, Etowah County, AL in fiscal year 2010. The entity to receive funding for this project is Etowah County Commission, located at 800 Forrest Avenue, Suite 113, Gadsden, AL 35901. The funding would be used to renovate a 68 year old bridge. It is listed as a structurally deficient bridge on the national highway system. It is a one lane bridge on a major four lane US Highway. Traffic count on the bridge exceeds 23,000 vehicles daily. Taxpayer Justification: The bridge is a structurally deficient bridge and no longer functions as an efficient and safe means of transportation. This project will eliminate a structurally deficient structure on a U.S. highway that transports over 23,000 vehicles daily.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
